from 1759 to about the 1850s
and
The British, Scottish, American, Irish, Welsh, Germanic
families of Trois-Rivières (Three Rivers)
from 1767 to 1875**

**The Protestant Families of Québec City
from 1759 to about the 1850s**

The family names outlined below are those of the British, Scottish, Irish, American, German, Swiss, Portuguese families who were members of the early Anglican and Presbyterian churches of the city. If time permits, a subsequent up-date to this compilation might include the families who attended the Wesleyan Methodist, Baptist, Congregational and Lutheran churches of this city - Please note: I have reproduced the spelling of family names as they appear in documents kept at BAnQ Vieux-Montréal and at the QFHS Library (Quebec Family History Society). The spelling in several cases does not match the present-day spelling of said families, but both the Anglican and Presbyterian Ministers who served in Québec City from 1760 to the 1850's and beyond were well educated leaders from British Isles colleges and universities and as such, the spellings might be correct and reflect the true family names of the period in England, Scotland, Ireland and Wales, plus those from Continental Europe.
